

Integrity. Service. Solutions.

AMR Awarded the SBA's 8(a) Business Development Status from the SBA

The Small Business Administration (SBA) recently awarded Advantage Mechanical-Refrigeration (AMR) with 8(A) Business Development status. The 8(a) Business Develop Program is a resource for small businesses to compete in the marketplace. This status helps companies gain access to federal and private procurement markets and government projects "This status will open contracting opportunities for our company regarding government contracts locally and nationally," commented AMR President Jodi Vanden Berg.

AMR, located at 4870-F West River Rd., NE, Comstock Park, MI is a mechanical contracting firm that provides a full scope of mechanical services to customers across Michigan. They specialize in industrial, institutional and commercial markets.

AMR has a loyal customer base consisting of major greenhouse/produce warehouse suppliers, government buildings, wastewater treatment facilities, industrial facilities, schools, retirement home communities and many commercial retailers.

AMR sells, installs, maintains and services heating, ventilating, air conditioning, refrigeration and plumbing systems of all types. Other services provided include: backflow preventer testing, new construction, service of new or existing mechanical systems, non-chemical water treatment, energy management, direct digital controls and mechanical systems maintenance.

AMR has been qualified by the Mechanical Service Contractors Association of America with the elite designation of a MSCA STAR contractor, which industries are held to the toughest stands. A MSCA STAR qualified contractor works efficiently and safely to get the job done; on time, the first time.
