

Andy VanderMoren Earns LEED AP Accreditation

Coopersville, MI, May 27, 2009 – B&V Mechanical Inc., a full service mechanical, plumbing and maintenance company is pleased to announce Mr. Andy VanderMoren has recently earned the LEED AP Accreditation. Vander Moren is an Engineer/Estimator at B&V Mechanical. VanderMoren commented, "Becoming a LEED accredited professional is just another example of B&V's continued commitment to providing our customers with the best service and resources possible."

Andy VanderMoren

LEED Professional Accreditation distinguishes building professionals with the knowledge and skills to successfully steward the LEED certification process. LEED Accredited Professionals (LEED APs) have demonstrated a thorough understanding of green building practices and principles and the LEED Rating System. More than 75,000 people have earned the credential since the Professional Accreditation program was launched in 2001.

B&V Mechanical, Inc. located at 400 32nd Street SE, Wyoming, Michigan, phone 616-243-7222. They specialize in all phases of mechanical construction for commercial and industrial clientele. The company provides licensed engineering and design services for HVAC and plumbing systems. B&V has an excellent background in both conventional and design/build construction delivery systems. They operate a 24-hour service department, with over 100 service contracts for commercial, industrial and municipal clients.

B&V is fully licensed and insured. The company holds a master plumbing license, mechanical contractor's license and a state boilers license. The company is a member of the American Society of Refrigeration, Heating & Air Conditioning Engineers, Construction Financial Management Association, Mechanical Contractors Association of America, Michigan Plumbing and Mechanical Contractors Association, National Certified Pipe Welding Bureau, and the West Michigan Mechanical Contractors Association.
