

ROAD SPRINKLER FITTER

Nature of the Work

Road Sprinkler Fitters are pipefitting specialists in fire protection. Sprinkler Fitters install, test, inspect, certify and maintain all types of fire suppression systems in all types of buildings and structures, including residential, industrial and commercial. The career of the Road Sprinkler Fitter can provide a range of opportunities for achievement. Once an apprentice successfully completes the apprenticeship program and becomes a journeyman, many opportunities lie ahead. You can work as a foreman, move up to superintendent or even move into management with a company. Being identified as a Sprinkler Fitter is both rewarding and fulfilling.

Working Conditions

Road Sprinkler Fitters work in a construction environment on new and existing projects. The work week for Sprinkler Fitters is normally 40 hours.

Interest and Personal Qualities

Persons interested in becoming Road Sprinkler Fitter should have the ability to follow written and verbal instructions and should be able to plan ahead and visualize completed projects.
